Our institution is pleased to invite you to the next edition of the National Theater Festival in Camagüey, to be held from May 29 to June 5 of this year. This is a great opportunity to get a wide view of the contemporary Cuban theater because this event brings together our most significant plays in the recent years. In this festival we would like to organize an acting workshop conducted by you. This invitation gives continuity to the series of academic exchanges that our institutions have been making with many good results

Our institution in order to facilitate this exchange would take care of the following arrangements:

- Accomodation in Camagüey during the Festival
- Per Diem allowance for food expenses in Camagüey during the Festival
- Roud Trip transportation from Havana to Camagüey
- Visa Tramits

Waiting for your kind response, cordially,

Bárbara Rivero Sánchez
Vicepresidenta
Consejo Nacional de Artes Escénicas
